

Using Computers, iPads and the Internet Safely

- I will ask permission before going on the internet.
- I will use computers, iPads and the internet in a responsible way.
- I will only log on with my own user name and password.
- I will be polite and respectful online.
- I will turn computers and iPads off and put them away when I have finished.
- I will tell an adult immediately if I see anything online that makes me feel uncomfortable.
- I understand that there are age limits for accessing some websites, apps and games.
- I will check that information I find online is true.

- I will not go on, or try to go on, inappropriate websites, apps or games in school.
- I will not message or reply to someone I don't know.
- I will never give out or share my passwords or personal information on the internet.
- I will never share photos or video clips without permission.
- I will not bring a mobile phone to school.
- I will not use someone else's work without their permission.
- I will not pretend that someone else's work is my own.

- I know there are websites I can go on for help such as www.thinkuknow.co.uk.
