for Easter holidays at 2.30pm

Homework

The children will receive weekly homework related to the week's learning.
Please can you ensure your child reads a minimum of three times per week and brings their reading book and record in to school everyday. This will be signed every Monday along with your child's diary.
The children will receive ten new spellings every Tuesday and be tested on these the following Tuesday.
The children will be receiving an account for an online grammar resource called 'SPAG.com'. They will be able to access grammar tests, some of which will be set as homework activities. They will also regularly bring an EGPS paper on a Friday that they have completed in school. Please try and find time to discuss this with your child.
It would be great if your child could spend time practising times tables to help them with their maths and you could go through their weekly arithmetic tests that will also be brought home on a Friday.

PE

Indoor PE will be on a Monday and outdoor PE will be on a Wednesday. Please ensure that the children have their kit every day so they are prepared if we have a change of plan.

Year 6 AT / HN Spring Term Curriculum Newsletter

Dear Parents and Carers,

Welcome back from the Christmas holidays!

Should you have any queries, questions or concerns about your child's learning please feel free to contact us either via the school office or write a note in your child's diary.

On the reverse of this newsletter you will find information about the topic and subjects your child will be learning this term.

We have an extremely busy term ahead as the children continue to work towards their end of Key stage assessments.

We look forward to working with you over the coming weeks and months.

Mr A Taylor and Mrs H Noble

Class Book: Cosmic

School trip: The Collection - Museum in
Lincoln

Maths

Number and Place Value

- Sequences
- Ratio and proportion

Fractions, Decimals and Percentages

- To calculate equivalent fractions
- To use common factors to simplify fractions
- To apply the four rules of number to fractions
- To calculate a percentage of an amount
- To establish the links between fractions, decimals and percentages

Geometry

- To know the properties of 2D shapes
- To name 3D shapes
- To draw shapes and nets accurately
- To measure and draw angles accurately up to 360 °

Literacy

Throughout the term we will be looking at a range of genres. The content of the work within each genre will be linked with our topic of 'Space'. We will be using both 'Cosmic' and 'Wonder' as key texts in English lessons. Some of our writing will include, poetry, recounts, letters, stories and non-chronological reports.

RE/ PSHCE

Faith in Action – Understanding that people undertake significant journeys or pilgrimages

Music

Looking at visual scoring

Listening and appraising different styles of music

Science

- Space

PE

Dance—Performance — led by a dance coach
Games—Tag rugby and hockey

Computing

'We are interface designers'

Topic: Space

(For the first few weeks of the term we will be continuing with the topic of Myths and Legends)

History

- The Space Race

Geography

- Countries involved in the Space Race

Art/ Design and Technology
